Biden Administration Seeks To Cede U.S. Sovereignty To The United Nations!

Are you aware that America's sovereignty could be stripped away in the very near future, and without the consent of the American people? If the President of the United States, his administration, and globalists get their way at the World Health Assembly later this month, America's leaders will gladly hand over our national sovereignty to the World Health Organization (WHO) and the United Nations.

The World Health Organization has always existed within the United Nations as a health advisory organization, but proposed amendments to the WHO's International Health Regulations would give this advisory organization unprecedented powers and authorities over sovereign nations like America. These are powers that the WHO have never had before.

What was once a good idea (a health organization to bring nations together to solve major health crisis') is evolving into something far beyond volunteer participation. It used to be that if a nation did not want to participate in this world-wide organization, they would not have to. But the Covid pandemic changed everything! An extraordinary power grab involving mandates, lockdowns, and forced closures of businesses and churches, along with mask wearing and vaccinations, gave governments a taste of authoritarianism; a taste that left them wanting more and more control.

Sadly, the Biden Administration is leading the way for the World Health Organization to have global influence over the healthcare of entire nations, including ours, by recommending 30 amendments to the International Health Regulations body in 2022. But these empowering amendments did not pass because it was a rushed process and nations wanted more time to read what these amendments were all about before supporting this pandemic treaty.

However, instead of backing off, the Biden Administration retooled their efforts and actually came back with 10 times as many amendments (300) to the International Health Regulations and are shrewdly attempting to pass without going through the constitutional process of gaining 2/3 support from United States Senators who represent us. You see, in order for the USA to ratify a treaty with another nation, the Constitution requires that 2/3 of the Senate approve it. Because the Biden Administration feels there are not enough senators to ratify such a treaty, they have changed the language from a "treaty" to that of an "accord," thus allowing them to work around what the Constitution requires.

If this "accord" passes later this month at the World Health Assembly, which meets from May 27 – June 1, it will mean decision making power for healthcare involving the nations in the "accord" goes to the World Health Organization. This is what is meant by our loss of sovereignty as a nation. And it will make what our government did to us during Covid look like child's play. This is extremely dangerous, and a great threat to the citizens of the United States of America.

You are urged to call the White House and the offices of the elected leaders below with the phone numbers that have been provided below, urging them to go through the Constitutional process. You can also use the following talking points to guide you as you insist that the Constitution of the United States be adhered to:

The White House: Comments: (202) 456-1111 Switchboard: (202) 456-1414

Senate Majority Leader Chuck Schumer - Washington, DC. Phone: (202) 224-6542 Fax: (202) 228-3027
Albany Phone: (518) 431-4070 Fax: (518) 431-4076

Senator Kirsten Gillibrand - Washington, DC. Phone: (202) 224-4451 Fax: (202) 228-4977
Albany Phone: (518) 431-0120 Fax (202) 224-0038

Senate Minority Leader Mitch McConnell- Washington, DC Phone: (202) 224-2541

Speaker of the House Mike Johnson Phone: (202) 225-2777

Congresswoman Elise Stefanik - Washington, DC. Phone: (202) 225-4611
East Greenbush Office Phone: (518) 242-4707

"As an American citizen, I am calling to respectfully request that you vote YES on HR 1425 and S 444 (depending on whether you are calling a House member or Senator), in which the United States Congress retains and affirms its constitutional duty of approving ANY treaty by a 2/3 vote of the U.S. Senate before any administration adopts or signs America onto any treaty. This would include the upcoming United Nations' World Health Organization's Pandemic Preparedness Treaty and associated International Health Regulations. America must not be put under ANY international law, treaty, or device, without the oversight and consent of our duly elected representatives in Congress.

In addition, I urge you to support HR 79 that will defund the World Health Organization and its grasp for control over every aspect of America. Please take your constitutionally prescribed duty as seriously as I take my citizenship by voting YES on HR 1425 and S 444."

***The thoughts above have been adapted from an interview recently conducted with former Congresswoman Michele Bachmann. Houseplant Tip

It's important to watch houseplants closely.

According to gardenguides.com, an online gardening resource, you should inspect plants regularly for yellowing or discolored leaves. This condition is usually caused by overwatering, but can also be the result of insects. Deformed plants and sticky deposits on leaves and stems can be caused by insects as well.
