## PUT LOCAL BUSINESSES AT THE TOP OF YOUR LIST!

### WHY YOU SHOULD BUY IT HERE:

- 1. Shop Locally:** The definition of local may mean different things to different people. We live in valleys of interconnected communities each needed in its own way to provide our families with the jobs, the goods, and the services essential to our quality of life.
- 2. Money Stays Local:** Any shopping outside of our communities may mean job losses at local businesses. The payrolls generated from local businesses are extremely important to the health of this area. Payrolls are spent on local goods, services, property taxes, and on community events.
- 3. Community Support:** When people from volunteer fire departments, school events, and benefits for community members in need come calling for donations, your local businesses have always been there.

**Medicare Reminder-** Qualified Health Plan (QHP) basics Qualified Health Plans (QHPs) are health insurance policies that meet protections and requirements set by the Affordable Care Act (ACA). They are typically **not for people with Medicare.** QHPs must:

- Follow federally established cost-sharing limits
  - Provide essential health benefits
- QHPs are sold in federal- or state-run forums (referred to as Marketplaces or Exchanges) where you can shop for coverage online or over the phone.

Remember, QHPs are typically not for people with Medicare. If you are already enrolled in Medicare, you do not need to change your health coverage and you do not receive coverage through the Marketplaces.

- **No type of Medicare coverage is sold through the Marketplaces**
- It is illegal for someone to sell you a QHP if they know you have Medicare
- In most cases, you are ineligible for cost assistance (tax credits) to help pay for your QHP premium
- There is no guarantee that a QHP will pay for your care if you have or are eligible for other insurance, meaning you may have little or no coverage
- You may experience gaps in coverage and incur Medicare late enrollment penalties when attempting to re-enroll in Medicare

If you currently have a QHP and are becoming eligible for Medicare, in most cases you should disenroll from your QHP and enroll in Medicare. However, there are a few circumstances in which you might choose to delay Medicare enrollment to stay in a QHP.
