GOOD TIMES GUIDE

Norwich High School, the Draft & War:

**Presentation by
Dr. Edward
Erickson**

**June 15, 2026
6:30 PM**

Historian and author Ed Erickson discusses his recent book, Kinship, Stories of Norwich High School, the Draft, and War. This is a story about the Norwich Senior High School Class of 1968, their parents, their teachers, their mentors, and the twenty-five class members who served in the armed forces of the United States. It is also a story about how the residents of Norwich and Chenango County, New York dealt with military service and with Selective Service (or "the Draft") from 1940 to 1973. Join retired US Army lieutenant colonel Ed Erickson as he recounts a few of the military experiences of local World War II and Korean War veterans, and the 25 men and women of the Norwich High School Class of 1968. Ed advances the idea that the Norwich Senior High School Class of 1968 was at the epicenter of a generational intersection of shared experiences revolving around the Draft and War. A short Q & A will follow the presentation.

A Healthy Pet Is a Happy Pet.

You love your pet, so make sure he stays safe and healthy all year round. How?

- Take a note of your pet's behavior when healthy. This will make it much easier to recognize when your pet is acting strangely - a strong indication that he is sick.
- Keep your pet's vaccinations up-to-date.
- Don't leave pets unattended in the car, even with the windows down.

In Our 61st Year In Business Conducting All Types Of Auctions!

This space contributed as a public service.

MILLIONS OF PEOPLE HAVE BEEN CURED OF A DISEASE MOST PEOPLE THINK IS INCURABLE.

We've made significant progress against most forms of cancer.

But, as far as many people are concerned, cancer is still a fatal disease.

There are nearly three million people who would disagree. People who have had cancer and are now cured.

For certain forms of cancer, the progress we've made is nothing short of miraculous.

With early detection and prompt treatment, the survival rate for Hodgkin's disease can be as high as 74%. Childhood leukemia: as high as 65%. Colon and rectal cancer: as high as 75%. Breast cancer: as high as 90%.

Today, one in every two people who get cancer will survive.

As far as we've come, we still have quite a way to go. And for that, we'd like your help.

There's only one place where cancer is a hopeless disease: In your mind.

Help us keep winning

AMERICA 250

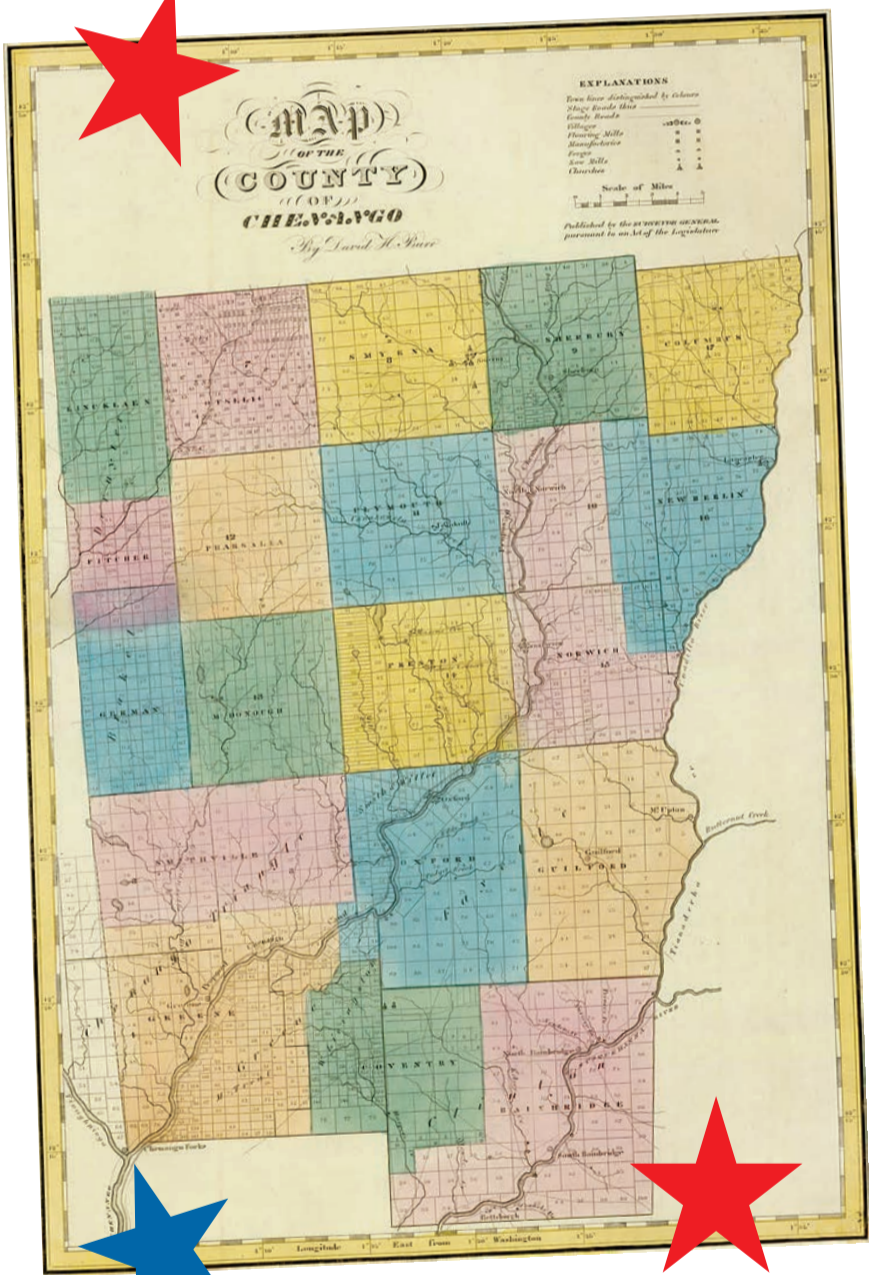

A FOUNDING REFLECTION OF CHENANGO COUNTY

The Evening Sun will mark the America's 250th anniversary with a special edition, A Founding Reflection of Chenango County, walking through the towns where we live, who built our communities, who stayed, and what worked.

For the 4th of July, 2026, The Evening Sun is reviving our founding stories. When each town was settled, where the names came from, who put them on the map, and the strange facts and tall-tale stories that came with them.

In 2026 America celebrates our 250th anniversary. The communities of Chenango County were founded in those early decades, for example Afton was Clinton, then Jericho, then South Bainbridge before it took its name in 1857 from a Robert Burns poem. This edition takes the anniversary as the occasion to look back at where our towns came from, what shaped them, and what is worth remembering.
