# PROGRESS CHENANGO

## Chenango County: A Beautiful Place to Live

We live in a beautiful small town. Nowhere is perfect, but in these rolling green hills and river valleys you can find a peaceful home and be a meaningful part of the community. There are things that could be better, and there are things we hope won't change, but those decisions will be made by the people who get involved.

This year the Evening Sun's Progress Edition will continue the tradition of exploring how local organizations and public resources are being invested to enhance our quality of life through infrastructure, workforce development, housing, and public services.

We will look at our area through the lens of those working to make the most of it and offer their constructive perspectives, so we all might learn to appreciate our hometown even more.

How are we gearing up for the challenges and opportunities that lie ahead? Are you interested in learning more about the key businesses and organizations in Norwich, Sherburne, Greene, Oxford, Bainbridge, New Berlin, the Otselic Valley, and the other towns that make up Chenango County?

What draws people here, and what convinces them to stay? Anyone willing to get involved can have a positive impact. It is one of the things that makes Chenango County so special.

Progress will be included as part of the regular newspaper, with each day's edition featuring additional pages filled with business insights from across the county. Delivered at no extra charge to readers and available as keepsakes, Progress serves as both an in-depth community resource and a valuable snapshot of the county's progress, as well as a year-long reference for our area.

Previous Progress editions can be found online at

## The Norwich Family YMCA rolls out the New Year New You nutrition and exercise program!

The Y is rolling out the newest version of its highly effective nutrition and fitness program, called New Year New You! Health and Fitness Director, Shannon Gawronski, explains "we have done many successful programs in the past, and we just keep improving upon them". The New Year New You program is sure to help people keep their New Year's resolutions to become healthier and more fit in 2026.

The 10-week program, often categorized as a personal "challenge", is a fun and innovative way to get individuals to track their nutrition and increase their activity. Participants use "score sheets" to accumulate points for better nutritional choices and for getting more and varied exercise. Each week participants try to earn more points than the week before. These types of personal challenges can be highly motivating to individuals who want to see improvement in real numbers. The results have been undeniable and are perfectly sustainable once people learn how to eat and exercise optimally. This program is also individualized to meet the needs of anyone of any age or ability. Participants also do the program on their own time and can choose to have as much help and guidance as they feel they need.

Pat Dietrich has participated in and helped lead dozens of the Y's fitness challenges and says, "The fitness challenges simply help make people aware of how to eat optimally to meet their weight loss and fitness goals". Dietrich adds "I think it's the accountability of handing in weekly food diaries, as well as a record of all workouts that really helps participants get the results they want. In fact, the results from our last challenge were amazing ... "On average, the participants lost more than 11 pounds, 10 total inches, 5% body fat, and reduced their BMI by 2, all while gaining muscle mass!"

Registration for the New Year New You program runs from January 12 to February 1. The first week of the program is a practice week to help participants understand how it works. During this week the Program Directors will complete an initial body composition (which measures weight, inches, body fat, skeletal muscle and BMI) to use as a baseline. Participants get another body comp assessment at the 5 week and 10-week points as well, so they can clearly measure their progress. Program Directors, Gawronski and Dietrich, will be available to help participants reach their goals as much as needed.

To register for the New Year New You fitness program just go to the YMCA Front Desk. The fee is \$75 for Y Members and \$75 for non-Members (plus the cost of a 3-month membership). If you'd like more information, please call Shannon Gawronski at the YMCA (607-336-9622 X1024).

Sign up now to get the support you need to be successful with your New Year's resolution! ☺

## HELP KEEP OUR COMMUNITY SAFE! SEE SOMETHING, SAY SOMETHING.

### Houseplant Tip

It's important to watch houseplants closely.

According to [gardenguides.com](http://gardenguides.com), an online gardening resource, you should inspect plants regularly for yellowing or discolored leaves. This condition is usually caused by overwatering, but can also be the result of insects. Deformed plants and sticky deposits on leaves and stems can be caused by insects as well.

# Know Your Limits

Maybe you like the feel of the open road or maybe you're just in a hurry. But the fact remains, that speed limits are carefully set to give you the safest possible driving speed for each road's particular traffic conditions. And because speeding is dangerous, the penalties are stiff.

So whenever time is of the essence, start out early and obey your local speed signs. Then you can enjoy a safe and leisurely ride without having to worry about the fines.
